SAGST co.
for general services & technologies

Who We Are ?

Sama Al Yamama is one of Iraq's leading companies in the field of support services and logistics. Over the years, the company has established itself as a reliable partner to both public and private sectors within Iraq. We offer a comprehensive range of operational and field solutions, including camp management, catering, general maintenance, procurement, IT services, energy, fuel, and cleaning.

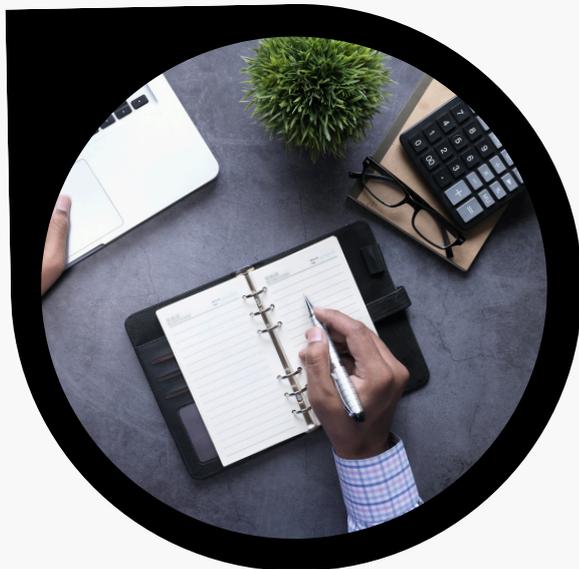

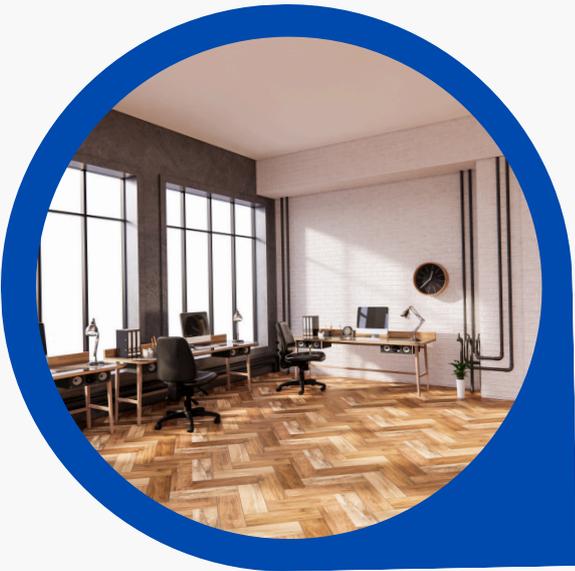

Our team consists of seasoned professionals in operations management, engineering, technical supervision, and occupational health and safety. We are committed to international standards and ensure that every project is executed efficiently and with top quality.

SAGST co.
for general services & technologies

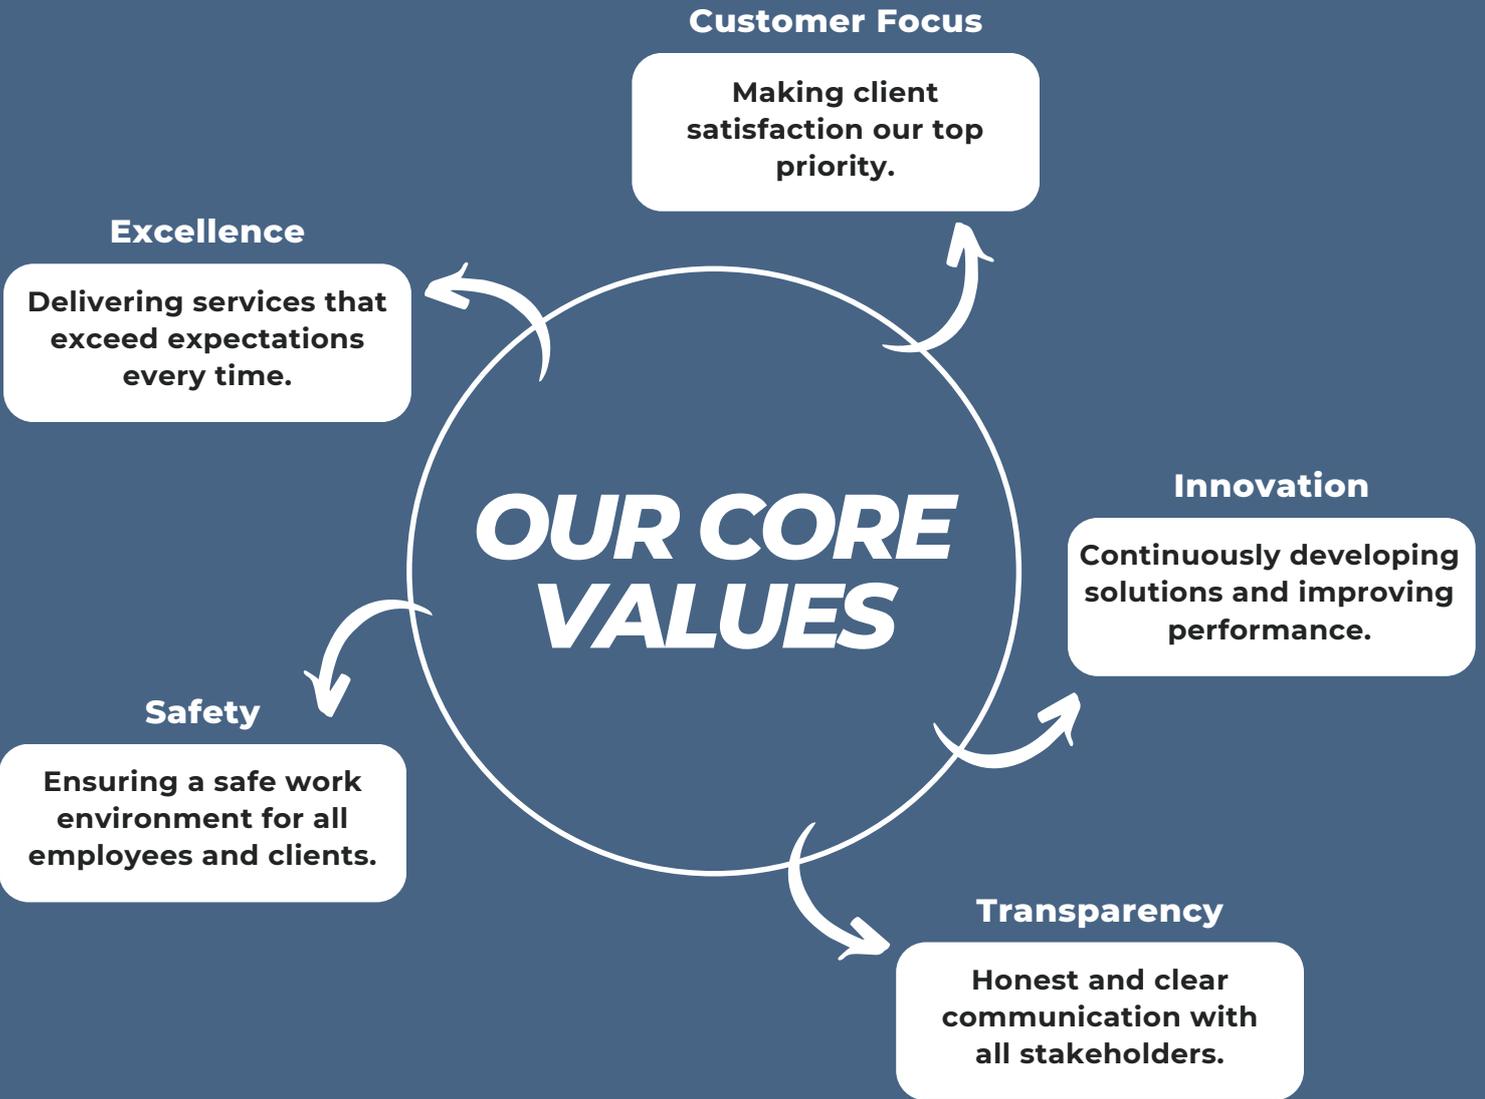

Mission

Our mission is to deliver integrated, high-quality services that enhance our clients' performance and improve their quality of life, while contributing positively to local and community development. We are committed to rapid response to client needs and providing flexible, innovative solutions based on scientific and business principles. We strive to reflect a professional and positive image of our company in every place we operate.

Vision

To be the first choice in Iraq for providing integrated solutions in logistics and operational support services, through innovation, trust, and sustainable partnerships. We aim to expand our services to new markets while maintaining the institutional and professional values that made us industry pioneers.

Why We Are Different

- We own advanced concrete slab systems that ensure construction quality.
- Highly qualified team in project management and strategic planning.
- Extensive experience in procurement and supply chain management.
- Strict adherence to quality and safety procedures.
- Exceptional capabilities in operating in remote and challenging environments.

Our Goal

Our primary goal is to provide reliable and integrated services that contribute to the success of our clients' operations and ensure a safe, comfortable, and stable working and living environment in all the projects we serve. We aim to build long-term relationships based on trust, quality, and continuous development.

SAGST co.
for general services & technologies

OUR SERVICES

Camp Management

Comprehensive solutions for managing work camps including accommodation, catering, recreation, and medical care. We ensure a safe and healthy living environment in compliance with international standards.

Catering and Hospitality

Preparation and delivery of nutritious meals that meet health standards at remote sites, while accommodating dietary preferences and cultural needs.

OUR SERVICES

IT & Automation Services

We provide comprehensive technology solutions, including information systems development, network management, and automation services to enhance operational efficiency and institutional performance.

Supply of Construction and Consumable Materials

We supply a wide range of high-quality construction and consumable materials to meet the needs of various sector projects.

OUR SERVICES

Heavy & Light Equipment Rental

We offer rental services for both heavy and light equipment to support field and construction operations, ensuring technical readiness and operational safety.

VIP Lounge Services at the Airport

We provide premium reception services through VIP lounges to ensure a luxurious and comfortable travel experience.

OUR SERVICES

Meet & Greet Airport Services

We offer comprehensive meet & greet services, including safe and professional transportation to and from the airport for all categories.

QUALITY AND SAFETY MANAGEMENT

Sama Al Yamama is committed to implementing the highest quality and safety standards across all activities and projects. We utilize an integrated internal quality assurance and control (QA/QC) system, based on detailed inspection plans and precise performance metrics. Our quality team conducts regular and surprise audits to ensure full compliance with technical specifications and contractual requirements.

In terms of occupational safety, we implement a comprehensive HSE program that includes risk assessments, continuous training, use of personal protective equipment, and full documentation of incidents and emergencies. All project sites are under the direct supervision of certified safety officers to ensure a zero-accident environment.

We believe that quality and safety are not just obligations, but deeply rooted values at every level of the company.
